

For Immediate Release

13 April 2010

### **Business Energy Tax Credit**

IdaTech plc (“the Company”) today announces that its appeal to the Oregon Department of Energy (“the Department”) for the re-instatement of the Business Energy Tax Credit (‘BETC’) for 2009 has been unsuccessful. The Company has decided not to pursue the matter further. As previously stated, the Company has already factored this outcome into its business plans and does not expect it to create a material change from existing guidance.

#### **About IdaTech**

IdaTech plc is an advanced fuel cell products company which is operationally headquartered in Bend, Oregon, USA and is listed on AIM with the ticker code IDA.

IdaTech designs, develops, and manufactures extended run backup power fuel cell products for Telecom applications requiring 100 W to 15 kW of backup power. IdaTech’s unique PEM fuel cell technology provides solutions for a wide range of applications to directly support efforts towards sustainable energy.

IdaTech’s portfolio of industry-certified fuel cell products are based on the company’s fuel processing, purification and fuel cell system integration capabilities. With the support of strategic partners and customers, the company’s extended run backup power products are being deployed worldwide for stationary applications.
